# PRINCIPAL'S MESSAGE

---

Tonight you are marking the end of another phase in your formal education. Some of you will stop school at this point but most will proceed to Senior High and a few to University before terminating your schooling. But there is a difference between stopping school and stopping learning. The former is bound to happen sooner or later but the latter should never occur.

No matter what you do whenever you leave school I hope you will maintain a lively curiosity about the things and affairs in the world around you and that learning will be a continuous and unending process.

A. E. Wonnacott,  
Principal.
